Experience

Freelance Web Developer

October 2017 - Present

Generate web solutions for small and medium-sized businesses through the use of the latest technologies and trends available in the web design industry.

Oxoft Media - Web developer

March 2016 - April 2017

Develop new modules for web apps of small and medium businesses. In a month time, we achieved to create and coordinate an excellent work environment that allowed us to accomplish pre-established goals with web projects and solutions which were of high importance for the organization itself.

Victor Harbie (CEO) - (+58) 424-8016106
oxoftmedia.com

Creative Solutions - Web developer Junior

July 2014 - December 2015

Layout, design and redaction of creative content for websites of small and medium-sized businesses such as real state realtors, restaurants, car rentals, among others. Within a three-month period we achieved to bring up to 60% earlier the period of delivery for our projects.

Cesar Ramirez (CEO) - (+58) 424-8978276

Education

University Santa María - Career of Systems Engineering April 2017 Concluded

During this period of time I was able to learn about software engineering techniques through the implementation of methodologies such as UML (Unified Modeling Language) and RUP (Rational Unified Process), furthermore, I got strong bases in programming languages by developing and running different programs on several environments.

Udemy - Ultimate Web Designer & Developer Course: May 2016 Build 23 Projects!

This course allowed me to put in practice previous knowledge in JavaScript and JQuery, as well as the way of create simple web apps using an apache web server and PHP as the back-end language

Brad Hussey - Freelancing Web Designer @ Code College

Udemy - Web Design for Web Developers: Build Beautiful Websites! February 2014

By the moment finishing this course I was able to take notice of trends and conventions presents in modern web design, work with fonts, gradients, color and images, as well as the way of finding high valued resources.

Jonas Schmedtmann - Web Developer, Designer, and Teacher
